Fabrics

Elements	Specifications	Technical standards
PVC roof	<p>UV and flame retardant PVC 650gr/m².</p> <p>The PVC is easy to clean and meets the stringent European, British and American fire regulations (M2, B1 and DIN 4102 standard).</p>	<ul style="list-style-type: none"> • BS 7837 • DIN 4102 – Class B1 • M2 Classification NFP 92 – 503 • EN 13501-1 B-s3, d0 • Total weight DIN and ISO 2286-2 – 650 gr/m²
Canvas inner tent	<p>Flame retardant and Royal Ten Cate Campshield 420 gr/m² with the same unique breathability as cotton.</p> <p>The fibers in this fabric provide extra security and protection. It is scorch, glow and spark resistant. Textile material that is flame retardant has an inhibiting effect on the occurrence of fire and slow fire spreading.</p> <p>The Royal Ten Cate Campshield meets strict standards of the European, British and American fire regulations and is designed for year round use. It will remain in perfect condition, in all kinds of weather for many years and is water and dirt repellent.</p> <p>The windows are double layered made of mosquito net and transparent PVC. They can be closed with roll down blinds.</p>	<ul style="list-style-type: none"> • BS 7837: 1996 • DIN 4102 part 1 - 1998 - Class B2 • M1 Classification NFP 92-503 (1995) • CSE RF 1/75/A (1984) • Comfort CPAI 84 • Water- and dirtrepellent • Weight 420gr/m² + 5%
Fixing	<p>The inner tent hanging system is a unique system. It has point loading, so the weight is distributed by multiple fixing points across the surface of the structure.</p>	
Construction	<p>The connectors of the construction are made from 2,9 mm hot dipped galvanized steel.</p> <p>The poles have a dia of 100 cm and are made of FSC Nordan European pinewood.</p> <p>FSC is a green label that ensures that the raw materials for the wood, comes from responsibly managed forests, with attention for the people and animals which are depending on the forest.</p>	<p>The wooden poles meet the following standards:</p> <ul style="list-style-type: none"> • Impregnated Nordan European pinewood • Durable FSC certified timber

Add Ons

BATHS & PRIVACY SCREENS

Our freestanding bath, positioned on the deck of the safari tent, is a guest favorite and a standout add-on. Imagine soaking under the stars in complete tranquility—an experience that not only enhances the appeal of your offering but also significantly boosts bookings.

GLASS SLIDING DOORS

Elevate the safari tent experience with our Glass sliding door add-on. This feature not only enhances security, making guests feel more at ease but also offers uninterrupted views of the surrounding beauty, even on cooler days.

INTEGRATED BAR + BBQ

Perfect for guests who enjoy al fresco dining, this feature allows them to savour their breakfast while taking in the breathtaking views. This thoughtful addition not only maximises the use of outdoor space but also enhances the overall guest experience, making every meal a memorable part of their stay.
